

Draft Pad

Draft Pad Benefits

- Fits any style or size vertical leveler
- Custom sized to pit depth requirements
- Mounts quickly and easily to leveler using self tapping metal screws
- Decreases outside air flow under the leveler
- Prevents bug and rodent entry under the leveler
- Made of Dynalon high performance material
- Combines both a foam pad and a weighted curtain for maximum closure
- Designed to close off the area between the bumper mounting brackets, bumpers and pit floor
